Why Blancus?

Blancus is an innovative brand that keeps up with the latest innovations.

Blancus is meticulous about quality in its products and always maintains a customer-centric approach.

01

Blancus floor cleaning machines stand out with features based on the latest technology. Developed to deep clean and polish your floors, these machines are equipped with innovative technologies to ensure effective cleaning.

02

Embracing sustainability principles, Blancus offers environmentally friendly products. The floor cleaning machines strike a perfect balance between energy efficiency and environmental sensitivity.

03

Blancus's aesthetic philosophy is evident in each product. Stylish designs seamlessly complement the decoration of your modern home or office. Simultaneously designed for ease of use, these machines bring together beauty and functionality.

04

Blancus's floor cleaning machine series includes various models tailored to different needs. Each model is designed to meet your specific cleaning requirements.

We are conducting meetings with our engineers, engaging in discussions on how the product can be the most advanced.

We are always open to new ideas. Based on the feedback from our customers, we reshape our products.

Here is the result: flawless machines and satisfied users.

Blancus 40

Blancus 40 offers a reliable solution for industrial cleaning needs. With its compact design and powerful performance, this machine delivers effective cleaning on various floor surfaces. Easy to use and built to last, Blancus 40 is an ideal choice for businesses looking to meet their cleaning requirements. Trust Blancus 40 for long-lasting and efficient cleaning solutions.

Voltage	36 V
Working Widht	42 cm
Suction Widht	44 cm
Theoretical Performance	700 m2/h
Brush Disc Diameter/Brushes	17,5 cm / 21 cm
Brush Disc Speed Slow/Fast	270/340 rpm
Brush Motor	2 x 150 W
Clean Water Tank Capacity	2L
Dirty Water Tank Capacity	3,5L
Suction Motor	150 W
Total Weight of the Machine	16 Kg

TIME SAVING- **SUSTAINABLE** - EFFECTIVE

With the Blancus 40, a clean floor is achieved in the shortest time up to %70 faster than conventional wet mopping systems.

Up to %70 less water compared to other conventional cleaning methods.
The 2 liter tank enough to clean approx. 200 m2 of hard floors.

The Blancus 40 is the ideak scrubber-dryer machine to achieve perfect cleaning results in tight areas.

Blancus 45

Blancus 45: Impressive Cleaning, Speed, and Power Combined.

Blancus 45 is breaking new ground in the realm of cleanliness. With its aesthetic design and powerful performance, machine delivers an exceptional cleaning experience. Blancus 45 model achieves impressive cleaning results by combining speed and power. Blancus 45 is poised to become an essential part of modern living. With innovative features and a robust structure, Blancus 45 sets a new standard in cleaning for you.

Technical Data

Theoretical Performance	1200 m2/h
Battery Run Time	60-80 minutes
Voltage	24V (Lithium Ion)
Working Widht	46cm
Suction Power	150W
Fresh Water Capacity	4L
Waste Water Capacity	8L
Brush Disc Speed	200rpm
Brush Disc Diameter	22.5cm
Suction Widht	50cm
Total Weight of the Machine	22Kg
Brush Motor	2x150W

Blancus SC380B

Walk Behind Floor Scrubber

Meet the SC380, the latest innovation in industrial floor scrubbers. Renowned for its powerful performance and user-friendly design, the SC380 tackles tough cleaning tasks quickly and effectively. With its innovative design and durable construction, it adapts seamlessly to any environment. Designed to meet your needs, the SC380 is the ideal choice to streamline your cleaning process.

Rated Voltage	24V
Working Widht	405mm
Water Absorption Widht	560mm
Working Effency	1500m2/h
Brush Disc Diameter	380mm
Disc Brush Rotation Rate	180rpm
Disc Brush Motor	380W
Disc Brush Pressure	25kg
Water Absorption Motor	300W
Vacuum Degree	140mbar
Turning Radius	500mm
Clean Water Tank Capacity	20L
Sewage Tank Capacity	25L
Noise Level	65dB
Battery Pack	2xDC12V 53Ah
Battery Weight	25Kg
Machine Weight (with battery)	75Kg

Blancus SC4500

Walk Behind Floor Scrubber

The SC4500 industrial floor cleaning machine sets a new standard in industrial cleaning with its powerful performance and innovative design. Built with a sturdy construction and equipped with advanced technology features, the SC4500 effortlessly tackles even the most challenging cleaning tasks. Its versatility allows for effective results on various floor surfaces, making it an ideal solution to meet industrial cleaning needs.

Rated Voltage	24 v (DC)
Working Widht	450mm
Water Absorption Widht	740mm
Work Efficiency	1800m2/h
Brush	450mm
Brush Speed	150rpm
Brush Motor	550W
Brush Pressure	30Kg
Water Suction Motor	500W
Vacuum Degree	180mbar
Turning Radius	500mm
Clean Water Tank Capacity	40lt
Sewage Tank Capacity	37lt
Noise Level	65dB
Battery	2xDC12V 80Ah
Battery Weight	47Kg
Machine Weight (with battery)	125Kg

Blancus SC5100B

Walk Behind Floor Scrubber

Meet the Blancus SC5100, the pinnacle of industrial floor cleaning technology. Engineered for exceptional performance and durability, the SC5100 is designed to meet the rigorous demands of industrial environments. With its advanced features and innovative design, this machine delivers superior cleaning results on various floor surfaces. From warehouses to manufacturing facilities, the Blancus SC5100 sets the standard for efficiency and effectiveness in industrial floor cleaning.

Rated Voltage	24 v (DC)
Working Widht	510mm
Water Absorption Widht	760mm
Work Efficiency	2000m2/h
Disc Brush Diameter	510mm
Disc Brush Rotation Rate	150rpm
Disc Brush Motor	550W
Disc Brush Pressure	30Kg
Water Absorption Motor	500W
Vacuum Degree	180mbar
Turning Radius	600mm
Clean Water Tank Capacity	47t
Sewage Tank Capacity	50lt
Noise Level	65dB
Battery Pack	2xDC12V 100Ah
Battery Weight	60Kg
Machine Weight (without batter y)	75Kg

Blancus SC5200B

Walk Behind Floor Scrubber

With its durable and solid structure, Blancus 5200 is resistant to intensive use and has a long service life. Industrial quality materials provide a reliable machine that can handle tough cleaning tasks. This allows businesses and organizations to protect their long-term investments and reduces maintenance costs.

Ease of use is also an important feature of the Blancus 5200. Its ergonomic design and smart control panel provide operators with a comfortable operating experience and enable them to do their jobs more efficiently. High-tech sensors and automatic cleaning programs make operators' jobs less stressful and more efficient.

Motor Voltage	24 v (DC)
Brush Diameter	510mm
Suction Widht	760mm
Brush Motor Power	550w
Brush Driving Motor	Metal Transmission
Batteries	2 Pieces (12V/100Ah)
Clean Water Tank Capacity	47lt
Recovery Tank Capacity	50lt
Cleaning Capacity	2000 m2/h
Brush Pressure	30kg
Weight	135kg

Blancus SC5200 BT (Traction) Walk Behind Floor Scrubber

Blancus SC5200BT is your reliable partner for industrial floor cleaning. With its powerful performance and smart cleaning features, it ensures effective cleaning on various floor surfaces. Its durable construction and user-friendly design make cleaning tasks faster and more efficient.

BLANCUS SC5200 BT

Rated Voltage	DC24V
Working Widht	510mm
Water Absorption Widht	760mm
Working Effency	2000m2/h
Brush	510mm
Brush Speed	150rpm
Brush Motor	550W
Motor	300W
Brush Plate Pressure	30Kg
Suction Motor	500W
Vacuum Degree	180mbar
Turning Radius	600mm
Clean Water Tank Capacity	50lt
Sewage Tank Capacity	55lt
Noise Level	65dB
Battery	2Xdc12v 100Ah
Machine Weight	85Kg

BLANCUS SC5200 BT

Blancus D8

Ride On Floor Scrubber Machine

Blancus D8 is extremely easy to use and provides practicality to operators. The smart control panel and integrated sensors ensure the machine operates efficiently and help operators do their jobs more efficiently. Additionally, the user-friendly interface and training materials enable operators to quickly learn how to use the machine.

Motor Voltage	24 v (DC)
Brush Motor Power	2x400w
Suction Widht	1000mm
Brush Diameter	650mm
Brush Rotation Speed	180rpm
Pump Power	450w
Pump Pressure	160mbar
Motor Traction Power	500w
Adjustable Traction Speed	0-6km/h
Clean Water Tank Capacity	90lt
Recovery Tank Capacity	100lt
Cleaning Capacity	3800m2/h
Weight	262kg
Dimensions	140x75x139cm

Blancus 85

Ride On Floor Scrubber Machine

Rated Voltage	DC24V/200Ah
Working Widht	760mm
Water Absorption Widht	1100mm
Working Effency	4500m2/h
Brush Disc Diameter	381mm*2
Disc Brush Rotation Rate	175rpm
Disc Brush Motor	450W*2
Disc Brush Pressure	50kg
Water Absorption Motor	500W*2
Vacuum Degree	220mbar
Electric Motor	1200W
Driving Speed	0-6km/h
Maximum Grade	10 degrees
Turning Radius	1000mm
Clean Water Tank Capacity	150L
Sewage Tank Capacity	160L
Noise Level	65dB
Battery	2 x DC12V 200Ah
Batery Weight	75kg
Weight of Bare Metal	220kg

Blancus 85 Ride On Scrubber is an effective cleaning machine designed for industrial cleaning. Ideal for deep cleaning floors in large areas, this machine automatically dispenses, brushes, and vacuums water, minimizing labor requirements and increasing efficiency. Its ergonomic design is user-friendly and provides comfort for extended use. Blancus 85 Ride On Scrubber is a reliable and effective solution for meeting industrial cleaning needs.

Blancus 230

Street Sweeper Machine

Blancus 230 Street Sweeper is an effective sweeper machine designed for cleaning big areas. This machine provides efficient cleaning on various types of surfaces and easily collects dust, leaves, and other debris. With its powerful motor and wide brush head, Blancus 230 operates quickly and efficiently. It is a reliable and effective solution for street cleaning.

Blancus 230

Main Brush Widht	2300mm
Working Capacity	18000m2/h
Water Tank Capacity	400L
Trash Can Capacity	240L
Voltage	48V 300 Ah (Lithium Ion)
Driving Motor	220W
Filtration Area	15m2
Working Time	6-7h
Working Speed	0-20km/h
Net Weight	1500kg
Turning Radius	1350mm
Dimensions	3400x2300x2000

Blancus 230

Global Distribution Line

Introducing Blancus

Blancus is at the forefront of industrial cleaning solutions, offering cutting-edge technology and unmatched performance.

As part of the Global Distribution Line, Blancus products are renowned for their reliability and efficiency in meeting the diverse needs of industrial environments worldwide. From warehouses to manufacturing facilities, Blancus provides tailored solutions to ensure pristine cleanliness and optimal hygiene standards. With Blancus, you can trust in a global distribution network that delivers excellence in industrial cleaning.
